13/10/94.

My dear Sheila,

The news of Bill's death came as a shock while I was on holiday. I expect all his friends were affected in the same way - great sadness at our loss, & rejoicing with the heavenly bands as the trumpets sounded for one of God's sons who ministered so faithfully to so many laity as well as clergy. He probably ministered to the clergy more than any other bishop has done, & set many prisoners free.

I am so glad I had that last opportunity to join in the mission at Ficksburg with him & you. What a lot of wonderful memories I have of the early days in Cape Town. I hope someone will write his life.

In a few months I shall be having the second knee replacement, so it seems I am meant to keep my feet on the earth for a little longer!!

Much love to you & your family -

I keep you in my prayers always.

Joan.

P.S. I've just remembered that it was at Bill's renewal experience God spoke the words "you are my son".
