Dear Sheila

Just a line to let you know
how we grieve for & wish you.

There can be no grieving for dear old
Bile; for him there is just glory after
a wonderfully rich life of service,
living so close to his Lord that it just
spilled over from him. And we owe
you both so much; personally so much
from so many years back, so many
from student days right up to recent
crises for help. So very specially for
all you both meant & did for Peter
in the darkest days of his life.

How his face would light up when
he mentioned you & Bile. When I
said how heavy a sorrow it is to lose

The best friend one has ever had he
just nodded his head & his eyes filled
with tears. Bless you both for all
you did to save him.

We are sure you have a family
that throws its arms around you,
but if with all the laborer and
aloneness you feel you want to
get away somewhere, do let that
somewhere be here.

God bless & keep you, my dear
Sheila, Anne sends much love
& sympathy

Cecil & Anne.
