PAWUSA

“Metropolitan Life has introduced improved benefits to provide you and your family with valuable and affordable benefits.”

The PAWUSA Group Scheme can provide your family with essential financial protection against escalating funeral costs.

## ***New Features***

The PAWUSA Group Scheme from Metropolitan offer you:

### **Higher levels of cover**

The maximum level of funeral cover has been increased to R15 000 to keep pace with increasing funeral costs.

### **Flexibility**

You can choose who you want to cover. There are two options:

- Members can pay lower reduced rates if they only want cover for themselves.
- Members can cover themselves and their immediate family.

### **Affordability**

Because rates will now be based on your age, cover is cheaper for younger members. The premiums of existing members will only change if they increase their existing level of cover.

### **What will it cost YOU?**

The following table shows the cost per month of providing cover for yourself or for your immediate family at membership cessation age 60 or 65:

| Sum Insured       |         | Membership cessation age 45                                  |                  |                  |                 |

## CAN YOU COVER YOUR PARENTS?

Yes. For complete protection of your whole family, you can also cover your parents provided that you are younger than age 55 when you choose membership cessation age 60 or younger than age 60 when you choose membership cessation age 65 and you have already covered yourself or your immediate family.

And what's more, the premiums will be based on your age and not that of your parents. This means that the sooner you start, the cheaper your premium and the higher the level of cover you can afford for your parents.

The maximum cover level you can choose is **R12 500**. Your Group Schemes Consultant can provide you with the premium payable for each parent.

## CAN YOU COVER YOUR RELATIVES?

Yes. You can cover up to 9 relatives, provided that you are younger than age 55 when you choose membership cessation age 60 or younger than age 60 when you choose membership cessation age 65 and your relatives are younger than 75 years.

You can cover grandparents, uncles, aunts, brothers and sisters, brothers-in-law and sisters-in-law, nephews and nieces, cousins as well as spouses or children not covered under your family benefits. You can cover each relative up to a maximum of **R7 500**. Your Group Schemes consultant can provide you with the premium payable for each relative.
