I am now an ^(Almost) immobile invalid of 86, but I never forget my last visit to Capetown some years ago when I used to come to enthusiastic meetings at Bishopscourt with Mrs Phyllis May Lyle of Holy Rедeemer Seapoint and from that day to this believe it or not you have been on my daily intercession list. So please accept my sincere sympathy in your great bereavement ~~in the loss~~ the loss of your great Christian husband.

I do hope this letter may find you.

My greetings to all my friends in South Africa and may peace come to your Church and country.

Yours truly

Edmund
