Dear Sheila

You & your family
have been much in our minds
and hearts since we heard the
news of Bill's death. It was
so kind of Barbara to let us
know.

I began to retrace our
contacts over the years and
discovered how many of them
occurred at turning points in
my own discipleship.

2.

What cause for thankful remembrance!

I've spent time wralling these occasions in more detail & will send them to you later. Meanwhile this is to assure you of our love.

By the time this reaches you, you will already have experienced the surprises the Lord uses to keep his promise to comfort those who mourn.

With love & Thanks

Calvin.
