Dear Sheila,

This morning I opened Tom's mail and on reading the Anglican Update was shocked to come across a tribute to Bill Burnett. I was in Germany staying with friends from 24th Aug to 25th September and did not know he had died.

I therefore hasten to send you my deep sympathy. I can just imagine how you miss him. I remember so well what a lovely person he was and how much he helped me. I also remember with nostalgia those wonderful bible studies which we had in your home and the hospitality, warmth & love which you both extended to everyone.

Tom joins me in sending you our love in your sorrow. He had a massive stroke in April and after progressing through 2 other hospitals,

is now in The Booth memorial hospital where he is making a remarkable recovery. With the aid of 3 days weekly sessions of physio he is learning to walk a little. However the left arm is still useless. At one stage he could not eat or speak but all that has returned so God has healed him in many ways. Fortunately the family and I are all near him and visit or take him on for drives.

I hope you are well and that your family are also near you. God bless and comfort you.

With love from
Roma Bishop
