

SOUTH AFRICAN UNIVERSITIES'
1984 FENCING TOURNAMENT,
RHODES UNIVERSITY, GRAHAMSTOWN

MESSAGE OF WELCOME

Rhodes is pleased to be able to host South Africa's University fencers for the second time in six years. On behalf of all Rhodians I welcome you with the wish that you find Grahamstown conducive to agility of body, and of mind - this latter condition being, I believe, of equal importance to good fencing as the first.

Although you do not represent one of the world's popular sports, as a group you must form the largest single component of the country's fencers. Your performances, therefore, should give a good indication of the state of the art of fencing in South Africa.

We look forward to the 1984 S A U Fencing Tournament with the hope that you will 'cross swords' at Rhodes only on the friendliest terms.
