My dear Sheila,

Thelma and I were so sorry to hear today of Bill's death, and I hasten to send you our sympathy and the assurance of prayers.

Bill had a very varied ministry which he performed with conscientiousness and devotion in all its different phases. He had a great influence on many people and helped them to know the love of God.

The church as a whole is therefore deeply indebted to him, and we can commend him to God in sure and certain hope.

I will remember your first arrival in Grahamstown, the start of a ministry which was to enrich the life of many parishes.

May the Lord whom he loved with such devotion bless both him and you and your family.

Yours sincerely in Christ,

John.
