RHODES UNIVERSITY
INTER-VARSITY 1986

MESSAGE FROM THE VICE-CHANCELLOR

The Inter-varsity weekend has been one of the highlights of the annual sporting calendar for many years now. In an era which has seen the decline of sportsmanship both on and off the field, we look forward to this competition which has been characterized by sporting behaviour and an awareness that participation is the final victor.

It is my pleasure to welcome to Grahamstown, and particularly to Rhodes University, the sports teams of the University of Port Elizabeth and their supporters. May all the hard work of the organizers be rewarded with a weekend of fine sporting achievement.

MESSAGE FROM

THE RECTOR OF U.P.E.

Intervarsity is probably the most exciting student event between neighbouring universities. There is almost a perceptible change in the air on the respective campuses during the preceding week. Rhodes and U P E are not exceptions to this rule.

Behalwe vir interuniversitere jaarlikse kragmetings tussen al the universiteite, voel mense darem jy wil bietjie kragte met jou buurman meet. En nog elke jaar was dit een van die hoogtepunte op die O P se sportprogram. Ons wil graag albei kante alles van die beste toewens en mag die weners hul titels waardig wees. Intervarsity moenie net 'n instelling of 'n gewoonte word nie. U het nou die geleentheid; klim in onder mekaar, maar doen dit op 'n ordentlike wyse so dat niemand 'n vinger na julle kan wys nie. Want u sal besef 'n span se naam is baie meer werd as 'n oorwinning.

Make full use of this opportunity to give of your best in the spirit which is so characteristic of Rhodes and U P E. To the spectators we say 'Support your teams'. Let go of all your tensions by encouraging your teams to the final whistle - no one will take exception to any boisterous activity as long as it is done in the right spirit and the right manner.

Aan Rhodes wat ons gashere is, baie dankie by voorbaat vir die geleentheid en die feit dat ons weer hul gaste kan wees. Ons geniet dit altyd om by julle te kuier.
