My dear Sheila,

Recently it was announced in church that your dear husband Bishop Bill Bennett had passed away after a long struggle with cancer, so many people these days get this dreaded illness. I do hope that he did not have to suffer too much. I shall always remember the wonderful ministry he brought to us when he was in Eshowe and you both conducted those life in the Spirit Missions, one at KwaZulu, another in Empangeni and the one here in the Cathedral with Knobby Knowles & his wife. It was all so special to us and we received so much thro his ministry. It was the beginning of a new life in my walk with God that I shall never forget and I continue to try each day

2
to get closer to God and trust him to solve the problems that face us. I pray that God may comfort you now. With much love,

Yours very sincerely,

Erin Braithwaite.
