Dear Sheila,

Mary Knutzen let me know that your beloved Bill had died peacefully. I feel for you. Yours is a very grievous loss. Bill was a most wonderful man of God & even radiated His presence. Before I knew Bill at all, one day I was walking in Claremont & passed a man wearing no shoes & a sign that said "I passed I know that there was someone who personified goodness. Only later did I think 'I believe that would have been archbishop Bill Burnett. I remember, too, coming to Bishopscourt every week to pick up Martin Weatherston to take him to our St. John's home group, & hoping that one day

I would meet you both. That hope was fulfilled when Helen Grace asked me to pick you up at the airport & take you to the Bridgman's home.

Bill, Nobby, Sybella & I were leading a renewal time at St. John's which was rich in blessing.

You are such very lovely people & rejoice for Bill & in some small measure, share your sadness.

Please accept the love of someone you may not even remember but who truly love & prayed for you both.

Affectionately

Morna Mathias
