Dearest Sheila,

Pam + I rejoice at the great life of our friend + brother Bill. He gave us so much + we love him, + so does our friend + sister Sheila. We say thank you for both of you and we do so in our constant prayers for you, now tomorrow and after too. Helen + Grace were at our home church last night when we talked of Bill, of how good he was, how he received it + was unflinchingly obedient. The warmest, cherished memories flooded back and as we prayed and as H + G talked of Jesus receiving power, I knew very clearly, again, the influence and blessing of Bill's life. We have some idea of your part in that, + the power + blessing of your marriage. Pam recalled "they used to look at the garden, holding hands." Dear Sheila, you will hold hands forever with a great man, whose contribution was immense. We send our best love,
Pam + Derrin
