My dear Sheila & Family 26/8/94

We do not really know each other, which is no obstacle in my writing to you to say how sad I was to hear of Bill's demise - because whenever I think of him I think of his running prowess at Midallouse in 1933 when we were at School together!! We were in the same form - he was a prefect and I was not, but as I always reminded him when we met (perhaps once every ten years) I won the Durnety Prize!!

Please accept our deepest sympathy because we always held him in the highest esteem & I did not know that he was in poor health ever?

Bill had a keen sense of humour & I always remember him, referring to a waitress in America ^{had} who called him "Rabbi Redbreast" - you will remember his joke!! Bill always played a great part in any situation in which he found himself & I heard from my late brother
